INTERNATIONAL CONFERENCE 2014

Kasetsart University

BUILDING BRIDGE FOR ECO-ECONOMICS

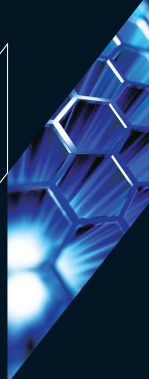

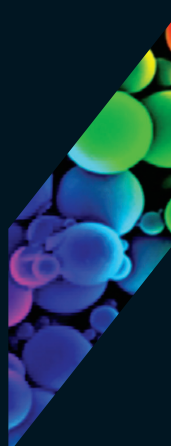

CELEBRATING KASETSART
UNIVERSITY'S 72nd ANNIVERSARY

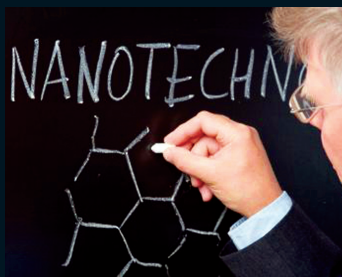

18 - 19 November 2014

Rama Gardens Hotel, BANGKOK, THAILAND

Organised by
Kasetsart University Institute for Advanced Studies

Rationale

Throughout more than seven decades of establishment, Kasetsart University has consistently devoted itself to the task of accumulating and developing intellectual knowledge. It thrives for the growth in academic wisdom as well as ethical and moral excellence. In addition, it holds a responsibility to play a leading role in keeping our Thai heritage alive and ensuring the continuity of heritage and culture growth which enriches the development and civilisation of the nation.

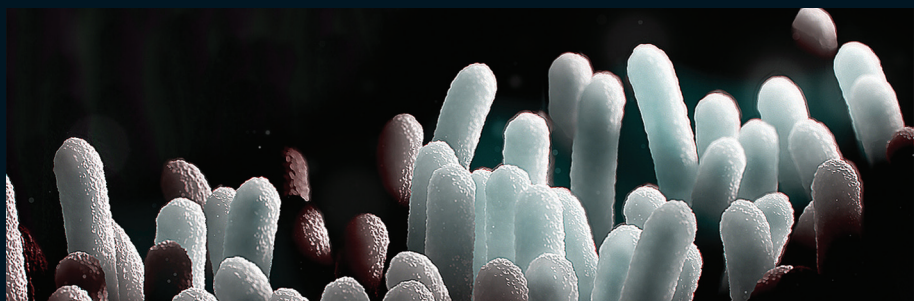

For more than seventy-one years in service, Kasetsart University's faculty members and researchers have completed a great number of quality researches which promote academic excellence and facilitate development of the nation.

Since 2010, Kasetsart University has been selected and assigned as one of the nine national research universities by the Royal Thai Government. Government funds have been granted to Kasetsart University in order to promote new researchers and to fund research of the university's expertise in three major fields i.e. Food and Agriculture, Tropical Natural Resources, and Agricultural and Industrial Technologies. A large collection of Kasetsart University research in Agriculture and Forestry have been so highly acknowledged and appreciated by the academia that the two fields of study are ranked number 1 in Thailand and number 33 worldwide by QS World University Rankings in 2013.

As part of the 72nd establishment anniversary celebration and the 5th anniversary as a national research university in 2015, Kasetsart University Institute for Advanced Studies will organise an international conference during 18 to 19 November 2014 at Rama Gardens Hotel, Bangkok. The conference aims to provide a valuable forum for all administrator and researcher participants from the national research universities and international higher education institutions, including private sector participants and participants from research fund organisations in Thailand and overseas who have collaborated on research with the national research universities. The conference also aims to share Kasetsart University's research and development progress and future plan which may expand research collaborations in both regional and international levels.

Objectives

1. To seek external research fund sources as a preparation for the termination of national research university budget in 2015
2. To provide the universities and their partners with opportunities to discuss research collaboration expansions and expansion of students, researchers and faculty members exchange programmes
3. To provide students, researchers and faculty members with opportunities to discuss with international researchers and the management from existing and prospective research fund sources
